# Our mission

JCWO's mission is providing access to adequate healthcare services and treatments to those who need it most, while training new generations of professionals. Our philosophy is based on Doctor Convit's values and humanistic approach to life as a whole.

The desire to help the most vulnerable, be useful to others, and work to build a stronger society are some of the ideals that have inspired JCWO since its inception.

As firm believers that science and education are fundamental for the development of nations, we focus on giving patients equitable access to modern diagnostics and innovative treatments, as well as learning opportunities for students.

# Goals

1

Promote  
Doctor  
Convit's  
scientific and  
human legacy  
throughout  
the world

2

Execute  
clinical trials  
using  
ConvitVax,  
targeting  
underprivileged  
patients

3

Improve  
the quality of  
life and  
survival rate of  
patients in  
poor  
developing  
countries

4

Provide  
students and  
professionals  
with training  
opportunities

5

Build  
international  
collaborative  
networks to  
increase  
JCWO's  
impact in  
communities

# Main programs

## 1 Cancer Immunotherapy

Develops ConvitVax, a low cost, simple, personalized, potentially safe and effective breast cancer immunotherapy, targeted to underprivileged patients with this disease.

## 2 Molecular Diagnostics

Provides free of cost, early, and specific diagnostic testing for patients of all ages and genders in poverty, affected by various types of cancer, such as leukemia and solid tumors.

## 3 Internship

Offers students from all over the globe the opportunity to learn new skills and participate in highly challenging projects with the organization.

**We are pleased to share a brief  
review of our achievements  
during this year**

# Stronger team

We continue to build an outstanding multidisciplinary team with the addition of new ad honorem specialists, ensuring the successful execution of our objectives and projects. JCWO is possible thanks to its directors, staff, expert collaborators, advisors, volunteers, ambassadors, and all the people who believe in the importance of uniting for a greater cause to benefit the most vulnerable in society.

➔ *Meet our team*

# Cancer Immunotherapy

Approval from the bioethics committee of Instituto de Oncología "Dr. Luis Razetti" to execute a phase 1b/2 clinical trial with ConvitVax

Approval from the US Food and Drug Administration to execute a phase 1b/2 clinical trial with ConvitVax in Venezuela

Approval from Instituto Nacional de Higiene "Rafael Rangel" to execute a phase 1b/2 clinical trial with ConvitVax

➔ *Learn and support this program*

# Molecular Diagnostics

1,850 tests performed,  
7,215 cumulative, mainly in  
leukemia.

370 patients benefitted,  
1,443 as of date in  
Venezuela

1,480 relatives impacted,  
5,772 total family  
members

➔ *Listen to testimonials*

# Internship

8 students benefitted,  
51 cumulative

2 countries impacted,  
18 as of date

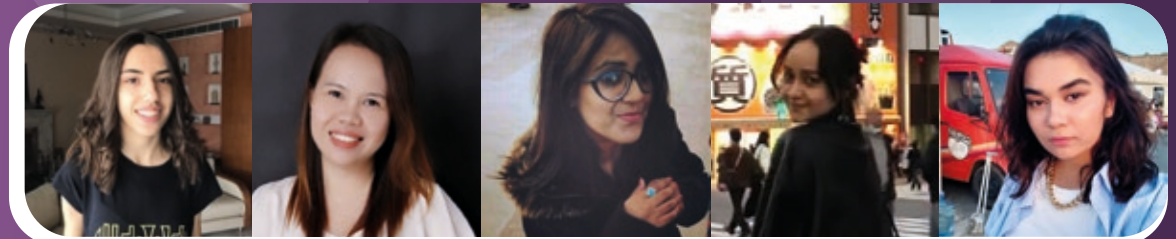

2 careers involved,  
25 overall

➔ *Hear from interns and apply*

# Ambassadors

We recently launched a global Ambassadors' program to expand JCWO's reach by actively promoting its mission, values and campaigns through social media, networking, volunteer recruitment, and strategic brainstorming sessions. Meet our first five members who join us from Europe, Middle East, and Asia:

➔ *Become an ambassador*

# Volunteers

Volunteers assist our staff in key areas, including content editing, information technology, marketing, and languages. To date, 20 professionals have joined our volunteer team, dedicating time and effort to this cause. These are some of the professionals who have chosen to participate and support JCWO this year:

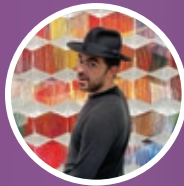

# Fundraising

JCWO participated in Giving Tuesday, a worldwide generosity movement promoted by Global Giving that encourages people to give back to their communities and charities, raising a total of US\$ 16,769.97 thanks to the support of 62 donors from different countries.

Also, the kinetic and optical artist Juan Gerstl donated one of his beautiful artworks to the organization. The funds generated from the sale of this piece will have a significant impact on improving the lives of the most vulnerable cancer patients in Venezuela.

Platinum  
Transparency  
2023

**Candid.**

We are proud to share that JCWO continues to be accredited by the Better Business Bureau for meeting the required 20 standards in board oversight, finance, performance reporting, and fundraising appeals; and by Candid with Platinum Transparency for satisfying all evaluation requirements.

Both renowned accreditors verify that a recipient nonprofit is well-established and managed, and that donated funds reach the intended beneficiaries. These seals provide our donors and beneficiaries the greatest guarantee of transparency!

# Press room

This year 7 social and scientific series articles were prepared and posted in our press room on topics such as cancer treatments, breast cancer, preventive vaccines, and emotional support. To date, 28 articles have been published on the website.
